Mark Palumbo Memorial 5K
Saturday, May 9, 2020 at 9:00am
University Orthopedics Kettle Point Campus, East Providence, RI

To Benefit: The Tomorrow Fund for children with cancer

For More Information: www.universityorthopedics.com/5K

*For safety reasons, strollers and pets are not allowed on the course.

University Orthopedics is pleased to announce The University Orthopedics 5K will now be called The Mark Palumbo Memorial 5K. The event, open to runners and walkers alike, will be held on Saturday, May 9, 2020.

Each year, the race raises money for a local charity with the proceeds from this year’s race going to The Tomorrow Fund - a non-profit organization which provides financial and emotional support for children being treated for cancer at Hasbro Children's Hospital and their families.

Dr. Mark Palumbo, a renowned spine surgeon, passed away in September 2019. He was not only a beloved member of the University Orthopedics family, he was a highly regarded pillar of the community.
